4 CEU/Contact Hours in Nursing

Dementia: Managing the Reality

This course introduces participants to dementia and the various physical and emotional impairments that may result. It will introduce the Global Deterioration Scale which demonstrates the various levels of the disease. Participants will learn the types of behaviors that may occur due to dementia and tips in coping with the disease. Through the use of group activities and games, participants will learn best practices in communicating and interacting with someone with dementia.

**Facilitators: Cindy Sanders, LPN
Jennifer Hurst**

Country Inn & Suites North
4257 Haines Road
Hermantown
